BRITISH TROUBLES OVER MILITARY BILL INCREASE

Miners' Federation Resolves
Unanimously to Oppose the
Compulsory Military Plan

(Associated Press by Federal Wireles.)
PARIS, France, Jan. 13.—Cettinje, the capital of Montenegro, and up to now believed virtually impregnable, will soon be no longer in the hands of the king and his people. The Austrian advance is so rapid from the Adriatic seacoast that the capital is already doomed.

Austrian troops, including strong artillery forces, from Cattaro and Budua have reached Richiez, only five miles from Antivari, and the latter town is now under bombardment from the long-range guns which the Austrians have taken on their advance. It is only a matter of time before Antivari will fall.

In view of the Austrian success at Mount Lovcen, measures are being taken for the immediate evacuation of Cettinje, which cannot be held with the Lovcen stronghold gone.

ATHENS PROTESTS ALLIED OCCUPATION OF CORFU

LONDON, Eng., Jan. 13.—Athens has lodged a formal protest with the Entente Powers against their occupation of the Greek island of Corfu. The Allies are using it for a military base.

ALLIES LANDING FOOD FOR SERBIAN REFUGEES

LONDON, Eng., Jan. 13.—To avert the threatened famine from the Serbian refugees in various parts of the Balkans, particularly Albania, the Allies have landed in Albania food supplies for 150,000 Serbians.

ASQUITH BILL OPPOSED BY BRITISH MINE UNIONS

LONDON, Eng., Jan. 13.—The Miners' Federation, the powerful union labor organization representing many thousands of miners, has resolved through its representatives unanimously to oppose the compulsory military service bill introduced by Premier Asquith and now on passage through Parliament.

Although the number of merchant ships under the American flag decreased during the fiscal year last June, the tonnage of the merchant marine showed a record-breaking increase.

MONSARRAT FINDS NO CASE POSTPONED MORE THAN FORTY-ONE TIMES

Judge J. M. Monsarrat is "heaved" about the remarks of Judge Ashford that cases have appeared on the docket in his court as many as 50 times. Investigation of the records of the court show that the statement of Judge Ashford, as far as can be found, is an exaggeration. The most that any case has appeared on Judge Monsarrat's docket is 41 times, which is nine less than Judge Ashford charged. Furthermore, Judge Monsarrat does not feel he is to blame. Many cases are postponed by request of counsel and of the prosecuting attorney, he says.

GURNEY LEAVES POSITION WITH UNDERWRITERS

Resigns After 17 Years' Service With Board; F. A. Bechert May Fill Vacancy

A. R. Gurney, for the last 17 years secretary of the Board of Fire Underwriters, has resigned, his resignation, it is understood, to take effect on January 20, at which time the next meeting of the board will be held.

"Yes, I have resigned," Mr. Gurney said today. "But I may continue in the employment of the board in some outside capacity. The board wants me still to keep in touch with the work, as matters may arise in which I may be of use."

Asked the reason for his resignation, Mr. Gurney added that he is "all worn out."

Mr. Gurney is held to be one of the best adjusters on the Pacific coast and in Hawaii. His service with the local board has been both a long and profitable one.

While nothing definite could be learned today, it is understood that Frank A. Bechert, who has been Mr. Gurney's assistant for several years, is being considered to fill the vacancy. This, however, will probably be decided at the meeting on January 20.

LICENSE TAXES SHOW FALLING OFF FOR YEAR

Though license taxes collected by the county treasurer's office during the calendar year just closed amounted to but \$108,000 against \$112,350 collected for the same period in the year previous, the actual number of licenses issued has increased by 233, according to Treasurer D. L. Jenkins.

Several things have occurred this year to make the collected total lower, he says. The county has lost by the fact that two auction companies have gone out of business, each company formerly paying \$600. A bank, likewise, with a license fee of \$750 has ceased to exist.

Through an awa root company's going out of business fees have been lessened by \$300, hotel and boarding house licenses have gone down from \$50 to \$40, which reduction is responsible for a loss of at least \$2000, and an allowed reduction for moving picture theaters from one dollar a night to \$200 a year has probably made a difference of at least \$2000.

Territorial taxes still due the county from what has been collected since November will amount to about \$16,000, according to word sent in by the tax assessor. As soon as this amount is sent in, the county treasurer will balance his books for the year.

T. K. K. PLANS SEVERAL NEW BOATS ON PACIFIC

(Special Cable to Hawaii Shiping).
TOKIO, Japan, Jan. 13.—The T. K. K. has announced that they will place several new liners on the run from San Francisco to the Orient. At a meeting of the board of directors today, it was decided to increase the capital of the company to \$16,500,000. Plans were also made for the erection of a new drydock near Yokohama.

WANT HONOLULU CHINESE TO AID CHINA MAIL LINE

M. Q. Fong, Secretary of Shipping Company, Arrives on China to Get Backing

SUFFICIENT BUSINESS OFFERED FOR FOUR SHIPS

Company Has Been Offered \$150,000 More Than It Paid for Vessel

Flying the flag of the China Mail Steamship Company, Ltd., a blue ball on a red field, with the monogram "C M" in the globe's center, the former Pacific Mail liner China, now distinguished by being the only American steamer, except transports, running from San Francisco to the Orient, docked at 8 o'clock this morning at Pier 7, gaily decorated with signal flags and bunting. She is sailing at 5 o'clock this afternoon, taking mail for China and the Philippines.

Coming to Honolulu on the liner were M. Q. Fong, secretary of the China Mail, and also secretary of the Chinese Chamber of Commerce of San Francisco. Jung Joe Sum, a director of the new corporation, accompanies Mr. Fong. Both men are here for the purpose of interesting representative Honolulu Chinese in the China Mail, and securing stock subscriptions for the line. They conferred in the office of M. H. Mackfield & Company, Ltd., Honolulu agents for the China Mail, with Ching Shai and F. W. Kiebaum, secretary of Mackfield's, relative to the formation of a local committee to obtain stock pledges.

"Chinese merchants in San Francisco,"

MORE TOURISTS THAN SHIPS CAN HANDLE—STONE

Great Northern Official Says Travel to Islands Will Increase During Summer

That there are not now enough ships on the Pacific to handle the demand for first class accommodations to Honolulu and that the tourist trend to Hawaii and the western states will surely increase during the coming spring and summer, are two opinions of Cal E. Stone, recently made passenger traffic manager of the Great Northern Railroad. Though Mr. Stone does not say definitely that the Great Northern will remain on the Honolulu run, he seems to anticipate a big paying business in tourist travel to the islands.

In a statement made in San Francisco to the Call and Post on January 4 he said: "There are not enough ships now on the Pacific to accommodate the demand from the East for first class passage on steamers to Honolulu, and this is but the beginning of a movement of tourists travel to the West that is likely to surpass the expectations of the most enthusiastic coast prophets. Demands Too Large."

"There was some question when the Great Northern was put on the Honolulu run as to whether the amount of travel would warrant the maintenance of such a steamer in that service. The demand for accommodations has exceeded all our anticipations. We are daily in receipt of telegrams from New York, Philadelphia, Boston and the other large eastern cities requesting de luxe reservations, but we are far from being able to comply with them."

"The Hawaiian Islands and California seem at present to be the principal objectives of the great bulk of eastern winter tourist travel and this travel is sure to increase with the coming spring and summer."

CAPTAIN FAIR WILL TALK AT Y. TONIGHT

Capt. J. S. Fair, U. S. A., construction quartermaster at Castner, will lecture at the Y. M. C. A. this evening on "Supplying the Army in the Field." Capt. Fair has made a study of his subject, having been a student at the army service schools at Fort Leavenworth and was at one time on assignment at the War College at Washington.

The lecture this evening will explain the points necessary to perfection in supplying the troops with ammunition and the problem of transportation will be dwelt upon. The lecture will begin at 8 o'clock this evening in Cooke hall and is open to members of the Y. M. C. A. and their men friends.

UNLESS TARIFF IS CHANGED BIG INDUSTRY DIES

Colorado Would Close Down All But One Beet Sugar Mill, Says F. G. Bonfils

INDUSTRY OF FRANKING RICH GOLD MINES NOW

Denver Newspaperman Thinks Wilson Will Be Forced to Take Hand in Mexico

"If the tariff law providing for free sugar on May 1 is not amended," says F. G. Bonfils of Denver, "Colorado will close down all but one of her big beet sugar mills, and practically go out of the sugar business. One mill would probably keep running for the local trade."

Mr. Bonfils, one of the owners of the Denver Post, arrived yesterday with Mrs. Bonfils on the Great Northern, and is stopping at the Moana. "Our sugar industry has come to be the foremost of all our industries in Colorado," continues Mr. Bonfils. "Colorado has long been famous for her output of gold and silver, but the beet sugar business, as far as dollars and cents go, is now ahead of the mines."

"We produced last year," he says, "6,000,000 sacks, or 600,000,000 pounds of beet sugar. Practically all the people of Colorado want the tariff maintained, as you may well believe."

Killed By Free Sugar.
With free trade, Mr. Bonfils says, Colorado could not begin to compete with the cheap labor of Cuba. Colorado land sells for practically \$200 an acre, and Cuba land for from \$40 to \$50 an acre. Free sugar would drive the Colorado sugar men out of business at once.

Asked concerning the Mexican situation as viewed from the Pike's Peak state, Bonfils says that it is only a question of time when President Wilson's "watchful waiting" policy must end, and the United States take an active hand to bring the present condition of things to a close.

"Mexico is in the feudal ages still," he says. "There are a thousand little cliques here and there over the country and I do not believe that they will ever settle things of their own accord."

"Though Mexico is a republic theoretically, the people of Mexico have been strangely backward in any advance toward a republican form of government, and willingness to let the majority rule. It is only a question of time until we must interfere."

MILLER, CHICAGO ABSCONDER, MAY BE IN HONOLULU

Warned by news from Chicago that William Waldorf Miller, accused of taking \$140,000 belonging to others from safe deposit boxes and banks last December, may have come to Honolulu detectives here are looking for the man and for Beattie Malloy, a waitress. Whether Miller and Miss Malloy are married is not known.

Miller was a member of the board of trade and in a letter to his aged mother said he had been unable "to beat the board of trade." Chicago investigators do not believe Miller lost the money as it is said he only speculated lightly.

Miller was associated with A. J. White & Company of Chicago and is the son of W. W. Miller, one of the men back of the first big "get-rich-quick" scheme carried through in the United States.

On the board of trade Miller was

HILL LINER LEAVING AT USUAL TIME. SAY LOCAL AGENTS TODAY

There will be no change in the time of departure of the Great Northern liner, Fred L. Waldron, Ltd., local agents for the Hill liner, announced today. The steamer will sail from Pier 6 at 11 o'clock Saturday night for San Francisco, the usual time.

The local agents said this morning they expect the steamer will take practically 300 passengers from this port. To date, 125 cabin passengers are booked, this number not including any round-trip travelers. There are also 150 steerage passengers scheduled to go.

"The Great Northern will carry more passengers to the coast Saturday evening than on any voyage to date," said Mr. Waldron this morning. "She will also have 1000 tons of freight."

AMBASSADOR WHO IS NOW REPRESENTATIVE OF MEXICO TO U. S.

Judge Eliso Arredondo, Carranza's ambassador at Washington. He is fully accredited and through him Carranza is demanding of Chihuahua action to punish the Chihuahua murderers.

RUMOR KAISER WORSE; SISTER CALLED TO HIM

Rome Despatch Declares His Malady is Progressing and Queen Sophie is Notified

(Associated Press by Federal Wireles.)
LONDON, Eng., Jan. 13.—According to a despatch from Rome, the Kaiser's illness has become so serious that his sister, Queen Sophie of Greece, has been summoned by telegraph from Athens to the bedside of her brother, whose malady is said to be alarming. Queen Sophie is making preparations to depart immediately.

STORMS HAMPER TELEGRAPH LINES OVER MAINLAND

Snow and Gales of Middle West and Canada Continue, Temperature is Falling

(Associated Press by Federal Wireles.)
CHICAGO, Ill., Jan. 13.—The severe storms in the Middle West and Canada are continuing today. The temperatures are falling even lower and there are many reports of high winds. The snow is still falling and in several places is deeper than for many years. Temperatures ranging from 20 to 50 degrees below zero are reported at various points. The telegraph wires of a large part of the country are out of commission.

As showing the difficulty of the mainland telegraph companies owing to the heavy winds, the Commercial Pacific Cable Company this morning issued the following notice to Honolulu patrons:

"11 a. m.—Postal Telegraph Company, San Francisco, reports heavy delay on traffic. Direct communication with New York today is poor."

The Star-Bulletin's Associated Press despatches, however, were put through on time and the daily stock report reached here as usual. From San Francisco these news reports come by wireles.

THINK GERMAN SPIES BACK OF ATTEMPT TO ASSASSINATE OKUMA

(Special Cable to Hawaii Shiping).
TOKIO, Japan, Jan. 13.—The Japanese government believes that the attempted assassination of Count Okuma was the work of a German spy. The man has not been arrested as yet, but the facts that have been gathered show that the work was accomplished by some one familiar with the German situation.

Count Okuma has continually urged an aggressive campaign against the Germans politically and commercially and the opinion in this city is that the enemies of the premier have decided that Okuma must cease his attacks on Germany through legislative channels.

MOVE TO URGE ROOSEVELT TO ASK CONGRESS FOR CHANGE IN POLICY OF WATCHFUL WAITING

Regiment of Thousand Mining Men May Strike Into Chihuahua to Capture Bandits Who Wreaked Bloody Deed

(Associated Press Service by Federal Wireles.)

EL PASO, Texas, Jan. 13.—Daily and almost hourly reports of fresh outrages upon American citizens and other foreigners in Mexico have stirred Texas to the point of intervention by a civilian punitive force, made up from the determined men of the mining-camps who can be assembled here.

A plan has been evolved by the leaders of the movement to form a regiment of a thousand mining-men, arm and equip them for a stay in the field, and enter Mexico with the avowed purpose of capturing the bandits responsible for the massacre of eighteen Americans at Chihuahua on Tuesday.

An unconfirmed report reached here today that ten Americans and two English women had been slain at Madera by a lawless band calling themselves Villistas. One of the two English women reported killed is the wife of Captain John Leftbridge, a retired English army officer living at Madera.

Members of the party conveying the remains of the mining-men killed Tuesday now fear that two others, who are unaccounted for, have also fallen victim to the reckless and murderous robbers who freely infest the region. The two missing men are Frank Woods and Ben Snell, who are known to have been near the scene of the massacre. They have not been heard from since it took place.

General Salazar, who has been identified with various Mexican factions, and who has been residing here, has fled from Texas to Juarez. The feeling against the Mexicans is growing so that he doubted his safety in El Paso.

Texas Citizens Want Roosevelt to Use Influence to Secure Action

(Associated Press Service by Federal Wireles.)

EL PASO, Texas, Jan. 13.—Public sentiment against further delay in securing prompt retribution for the killing of Americans in Mexico has grown so high here that a petition is being circulated asking that Col. Roosevelt use his influence with Congress to "change the policy of the government which has heretofore refused to exercise its paternal duty to protect American life and property abroad."

Persons with property interests in Mexico are not being allowed to sign the petition. It is aimed to make it clear that the document is a protest against lack of action in punishing those who have taken American life across the border and ruthlessly destroyed property, but that it has no basis in financial interest.

A report which reached El Paso today is that Americans in Chihuahua are fighting against the band led by Gen. Jose Roderigues, who was reported in command of the Villistas who killed the mining-men on Tuesday. It is reported that numbers of the Roderigues men have been killed and that the Americans are calling for help, fearing that they will be massacred by superior numbers.

Another report is that Roderigues has been captured by a force which included 125 Americans and which was led by Maximiliano Marquez, an employee of the Hearst ranch interests at Babicora. This force, together with a few Carranza soldiers, is said to be trying to keep order at Madera. Roderigues and his men, it is rumored, met the defenders at Madera in a pitched battle.

Another American Known to be Killed; Washington Is Informed

WASHINGTON, D. C., Jan. 13.—The killing of Carl Kramer, an American, has been officially reported in despatches sent to Washington by Collector of Customs Cobb of El Paso. Kramer was shot by Mexican bandits near Guera.

The state department is further informed that at the massacre on Tuesday of 18 American mining-men two Villa colonels were in command.

REBELLION IN ORIENT BEING PUT DOWN, SAYS NEWS FROM HONGKONG

(Associated Press by Federal Wireles.)
LONDON, Eng., Jan. 13.—Many revolutionists were killed on January 6 and 7 in bloody engagements in the districts of Tamsui, Potonga, Yentzeu and Poklo, according to a despatch to Reuters' Telegram Agency from Hongkong. The revolutionists were routed.

The telegraph news above is obscure. Apparently it refers to Chinese rebellion but Tamsui is a city of Formosa, which is under Japanese military and civil rule. Potonga is in Kwangtung, according to local Chinese. It is hardly likely that Chinese federal troops have been in Formosa, nor is it likely that there has been a revolt in Japanese-governed Formosa.

Becoming insane at her home at Johnstown, Pa., Mrs. Ralph Liabfried killed her two year old daughter, Katherine Margaret.

The London Stock Exchange adopted a rule barring a candidate of German or Austro-Hungarian birth as ineligible to membership.

OFFERS JAPAN COVETED HAN YA PING MINES IF HE GETS RECOGNITION

"Closed Door Imperial Policy" is the new term that is used in China at the present, according to a letter received from Shanghai by Col. Gen. D. J. Wu-dan. The writer states that to the foreign powers Yuan Shih-Kai is president. To the people he is emperor. He states further that all of the foreign powers are addressing Yuan as "President" in their diplomatic relations.

Japan can have the concession, or rather will be given the Han Ya Ping iron and coal mines, providing that she will acknowledge Yuan as Emperor, according to the statement of the writer. The mines have been very productive in the past, and are looked upon by the foreign powers as a valuable concession.

The French government has refused to allow Yuan's troops to pass through their territory of the Annam railroad, and as this route is the only one by rail to Yunnan the plan to send troops this way has been abandoned by the Peking government, according to the writer.
